

Letter to fcc

72311

Ms. Marlene H. Dortch  
Secretary  
Federal Communications Commission  
445 12 th Street , SW  
Washington, D.C. 20554

re:

MM Docket No. 99-25(LPFM Proceeding)

Dear Ms. Dortch:

Promeheus Radio has prompted us to tell you our story. Kettle Falls had an LPFM Radio Station (KITR102.1), but was stolen after 2 years of operation. Upon investigation it was found awaiting it's use as a translator. No further action was taken. We ([kettlefallsradio.org](http://kettlefallsradio.org)) are trying to provide our rural town with another chance at broadcasting a much missed signal.

They (Prometheus) suggest and I agree, that new LPFM applications be given priority over past translator applications.

Kettle Falls Radio Group is a non-profit organization for education. We have a 10 year history.

As to why we need this broadcast station, there can be no other assumption than it has gotten a lot of people excited about an oppurtunity to have a voice.

Kettle Falls is a tourist oriented ghost of a town, drowned by the Grand Coulee Dam. Our mission has been to bring modern communication techniques into this sunny patch of the state of Washington.

Richard Walter. President. POB 669 Kettle Falls, WA 99141  
509/738-4229
